OFFICE OF INSTITUTIONAL RESEARCH, PLANNING, AND INFORMATION MANAGEMENT

The College of Charleston's *Planning and Reference Fact Book* is a structured presentation of information about the university that is frequently requested by students, faculty, staff, trustees, alumni, and others. Being responsible for the development and maintenance of data resources to support planning, budgeting, institutional effectiveness, compliance, and policy-making, the Office of Institutional Research, Planning and Information Management developed this Planning and Reference Fact Book in 1996, as an enhanced and restructured version of the previously-produced Fact Book.

This document captures student information through fall semester 2016 and fiscal year data through June 30, 2016. Some pages may contain data as recent as spring 2017. Institutional Research and Planning appreciates the efforts of all involved in producing this information.

An online version of the Fact Book can be found at <http://irp.cofc.edu/facts-and-publications/PRFB-Main-Menu.php>. The online version is updated dynamically each semester and therefore contains the most recently updated reports.

We invite your comments regarding the 2016-2017 Planning and Reference Fact Book and welcome suggestions for future editions.

General Information

College of Charleston Board-Approved Mission Statement

The College of Charleston is a state-supported comprehensive institution providing a high-quality education in the arts and sciences, education and business. The faculty is an important source of knowledge and expertise for the community, state and nation.

Consistent with its heritage since its founding in 1770, the College retains a strong liberal arts undergraduate curriculum. Located in the heart of historic Charleston, it strives to meet the growing educational demands primarily of the Lowcountry and the state and, secondarily, of the Southeast. A superior undergraduate program is central to the mission of the College of Charleston. As a prominent component of the state's higher education system, the College encourages and supports research.

In addition to offering a broad range of baccalaureate degree programs, the College incorporates the University of Charleston, South Carolina (UCSC), established by state statute in 1992, which serves as a research institution where the graduate and research programs associated with the College are housed. UCSC provides master's degree programs and anticipates offering a limited number of doctoral degrees should location and need warrant. The College also provides an extensive credit and non-credit continuing education program and cultural activities for residents of the Lowcountry of South Carolina.

The College of Charleston seeks applicants capable of successfully completing degree requirements and pays particular attention to identifying and admitting students who excel academically. The College of Charleston serves a diverse student body from its geographic area and also attracts students from national and international communities. The College provides students a community in which to engage in original inquiry and creative expression in an atmosphere of intellectual freedom. This community, founded on the principles of the liberal arts tradition, provides students the opportunity to realize their intellectual and personal potential and to become responsible, productive members of society.

The Mission Statement (also called the Statement of Purpose) has been approved or revised by the State College Board of Trustees or the College of Charleston Board of Trustees on January 16, 1974; March 12, 1986; January 16, 1991; February 15, 1994; July 13, 2006; July 23, 2014; and August 25, 2014.

College of Charleston **Statement of Institutional Core Values and Strategic Plan Goals**

Core Purpose

To pursue and share knowledge through study, inquiry and creation in order to empower the individual and enrich society

Core Values

Integrity

Adherence to the highest ethical standards in all our professional obligations and personal responsibilities

Academic Excellence

Commitment to a dynamic intellectual community, high academic standards, strong academic programs, and a high-quality faculty of engaged and engaging teacher-scholars

Liberal Arts Education

Dedication to a liberal arts and sciences education that encourages intellectual curiosity and fosters each student's ability to think creatively and analyze, synthesize, apply and communicate knowledge from many sources

Respect for the Individual Student

Devotion to the intellectual, ethical and social development of each student

Diversity

Commitment to a globally-oriented and diverse academic community

Community

Commitment to compassion, mutual trust, respect, civility, collegial shared governance, teamwork and the general welfare of the institution and the individual

Public Mission

Commitment to our social responsibilities and to serving the educational needs of the state of South Carolina and our community

Strategic Plan Goals

1. Provide students a highly personalized education based on liberal arts and sciences core and enhanced by opportunities for experiential learning.
2. Develop or enhance nationally recognized undergraduate, graduate and professional programs in areas that take advantage of our history, culture and location in Charleston and contribute to the well-being of the region.
3. Provide students the global and interdisciplinary perspectives necessary to address the social, economic, environmental, ethical, scientific and political issues of the 21st century.
4. Establish and promote a vibrant campus-life atmosphere dedicated to education of the whole person through integration of curricular and co-curricular or extracurricular activities.
5. Achieve financial security by creating a new financial model for the College of Charleston.

Scores which are displayed with a normal font are based on the old SAT test score methodology, i.e. all tests were taken prior to March 2016.

Scores which are stricken through were provided by the SC CHE but include a mixture of old and new SAT test scores which prevent the data from being comparable.

College of Charleston's scores are in *italics* because the SC CHE reported data were modified to represent the means based on the old test scores, so that the data are comparable with the scores on the report which are not stricken through.

Notes:

¹ Including foreign, provisional, and students age 22 and above.

² Average is derived from CHE Report "SAT Scores of First Time Entering Freshmen." It includes all first-time entering freshmen from public senior research and comprehensive teaching institutions who took only the ACT, only the SAT, and who took both the ACT and the SAT.

³ Average is directly from CHE Report "SAT Scores of First Time Entering Freshmen." No first-time entering freshmen reported both ACT and SAT scores to two-year campuses.
